

Snowy 2.0 Work Notification

Tantangara | December 2020

Activity: Construction at Tantangara

Location: Tantangara Road and Quarry Trail Road at Tantangara Reservoir

Timing: From 2 December 2020 to 28 February 2021, daily from 6am – 6:30pm
Continuous day and night working from 3 January 2021

Snowy 2.0 Main Works at Tantangara will involve tunnelling activities to link the existing reservoir to Talbingo, constructing water intakes at the reservoir, and building camp accommodation.

Future Generation has established a work site at Tantangara, and construction activities will expand in the area.

Activities

- Maintenance works on Tantangara Road
- Upgrading Quarry Trail Road for project traffic only
- Preparing site for a worker accommodation camp
- Civil works for the temporary bypass tunnel (adit) and entrance to the intake structure

Work will involve

- Establishing temporary compounds for storage & materials laydown and crew facilities
- Vegetation clearing
- Bulk earthworks and intermittent drilling & blasting activities
- Geotechnical investigations
- Large trucks delivering plant and equipment
- Installing erosion sediment controls and ground stabilisation
- Installing signage and security

Work will involve a range of plant and equipment such as light vehicles, earthmoving equipment, drill rigs, truck and dogs, and semi-trailers delivering equipment, material and temporary buildings to site.

What to expect

- Intermittent closures of Tantangara Road and reduced speed limit for project vehicles (max. 60km/hr) may cause some short delays.
- Traffic control will be in place as required to help manage access on Tantangara Road.
- Quarry Trail Road on the western side of Tantangara will remain closed until further notice.
- Public access to the work site is not permitted, including where the site crosses public walking tracks.
- Access to Tangara Reservoir will remain open, except areas usually accessed via Quarry Trail Road.
- There will be some temporary disruptions to access the boat ramp at the Tantangara Reservoir. The dates & details about the extent of any restrictions will be notified. Access to the boat ramp will be maintained at all other times.
- The work is being planned to ensure minimal disruption for recreational park users, local water craft, and to minimise impact to the environment.

The work front on Tantangara Road is approx. 15km from the Snowy Mountains Highway.

Further notifications about construction at Tantangara will be issued as work progresses.
