

Snowy 2.0 Work Notification

Talbingo | September 2021

Maritime exclusion zone at Lobs Hole

from September 2021 for duration of project construction

A new pontoon at Lobs Hole has been constructed as part of the Snowy 2.0 worksite near the planned Talbingo tailrace tunnel portal.

Access to the lower reach of the Yarrangobilly River in the Talbingo Reservoir is strictly limited to project-related vessels only.

An exclusion zone to restrict all public access is demarcated approximately 1km downstream of the worksite. Temporary yellow cardinal markers (buoys) are in place across the Yarrangobilly arm of Talbingo Reservoir, and signage will be installed on the shoreline.

For more information

Thank you for your understanding while we carry out this work. If you any have questions, please contact the Snowy 2.0 Community Infoline 1800 766 992 (1800 Snowy 2) or Future Generation Joint Venture via email community@futuregenerationjv.com.au
